

6th INDIAN YOUNG GEOTECHNICAL ENGINEERS CONFERENCE

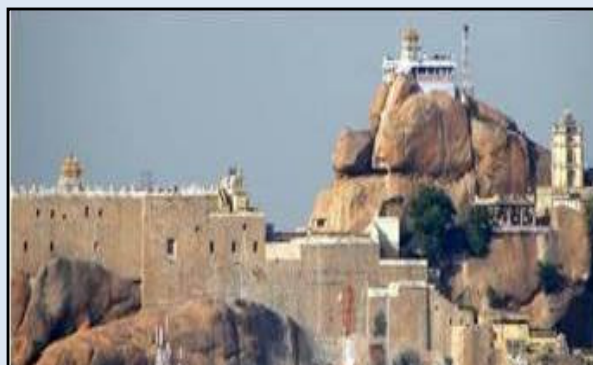

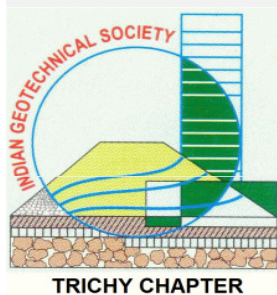

10 - 11 March 2017, NIT Trichy, India

6IYGEC

BIENNIAL CONFERENCE OF
INDIAN GEOTECHNICAL SOCIETY

Organized by
**NATIONAL INSTITUTE OF TECHNOLOGY
TIRUCHIRAPPALLI**

**&
INDIAN GEOTECHNICAL SOCIETY
TRICHY CHAPTER**

INVITATION

Indian Geotechnical Society, Trichy Chapter and National Institute of Technology, Tiruchirappalli, extends a hearty invitation to the Young Geotechnical Engineers in the country to participate in the Sixth Indian Young Geotechnical Engineers Conference (6IYGEC-2017) to be held at NIT Trichy, during 10 – 11 March 2017.

This conference will provide a platform to the young practicing engineers, research scholars and post graduate students working in the field of geotechnical engineering, to share their practical knowledge, research findings and to receive suggestions from the fellow geotechnical experts.

CALL FOR PAPERS

Abstracts are invited from Young Geotechnical Engineers of age below 35 years as on 31-03-2017 (age proof required) for the 6th Indian Young Geotechnical Engineers Conference in one of the following themes:

- 1) Foundation Engineering
- 2) Earth and Water Retaining Structures
- 3) Rock Mechanics & Rock Engineering
- 4) Ground Improvement Techniques
- 5) Geosynthetics & Natural Fibers
- 6) Geo-Environmental Engineering
- 7) Transportation Geotechniques
- 8) Slope Stability & Landslides
- 9) Soil Dynamics and Earthquake Engineering
- 10) Geotechnical, Geological and Geophysical Investigations
- 11) Computational Geomechanics
- 12) Deep Excavation and Underground Structure
- 13) Instrumentation and Monitoring in Geotechnics
- 14) Offshore Geotechnical Engineering
- 15) Remote Sensing and GIS in Geotechnical Engineering

Abstracts of research paper not exceeding 300 Words shall be sent by e-mail to 6iygec@gmail.com on or before 20th December 2016. The papers may have joint authorship with a senior; however the same has to be presented by only the young engineer.

TIRUCHIRAPPALLI

The historical city of Tiruchirappalli, popularly known as Tiruchi or Trichy, situated on the banks of the river Cauvery. Trichy is the fourth largest city in Tamil Nadu. Trichy has several beautiful temples, churches and a large number of scenic spots. The most famous landmark of this bustling town is the Rockfort Temple, a spectacular monument perched on a massive rocky outcrop which rises abruptly from the plain to tower over the old city. It is reached by the flight of steep steps cut into the rock and from its summit you get a fantastic view of the town plus its other main landmark, Sri Ranganatha Swami Temple (Srirangam). Shrouded in a haze of coconut palms away to the north, Sri Ranganatha Swami temple is one of the largest and most interesting temple complexes in India, built on an island in the middle of Cauvery river and covering a staggering 2.5 square kilometers. There is also another huge temple complex near by the Jambukeshwara Temple.

IGS TRICHY CHAPTER

IGS Trichy chapter was inaugurated on 14th February 2014, with an objective to provide common forum for academicians, research workers, designers, construction engineers, equipment manufacturers and others interested in geotechnical activities in promoting cooperation among them for advancement and dissemination of knowledge in Geotechnical Engineering and allied fields and their practical application. The chapter has organized many workshops, short term courses and conferences in a short duration of time. Now the Indian Geotechnical Society has entrusted IGS Trichy chapter for conducting the 6th Indian Young Geotechnical Engineers Conference (6IYGEC). The organizing committee of the 6IYGEC works towards successful conduct of the conference.

NIT TRICHY

The National Institute of Technology (formerly known as Regional Engineering College) Tiruchirappalli, is a deemed university under the control of Ministry of Human Resource Development, Government of India. It was established in the year 1964 with a view to catering to the needs of manpower in technology for the country. It is situated in the heart of Tamil Nadu on the banks of river Cauvery. The Institution offers Under Graduate Courses in ten branches and Post Graduate Courses in twenty one disciplines of Science, Engineering & Technology besides MS, Ph.D. in all the departments.
