APPENDIX-D**REPORT BY THE PRESIDENT**

Dear Distinguished Members,

Over the past year, IGS fraternity has once again demonstrated the power of collaboration and the limitless potential of geotechnical engineering, where science meets the earth and innovation reshapes the ground beneath us. The dedication of our members has propelled the Society forward, from frontier research breakthroughs to transformative field applications that are redefining engineering practice in India. I am deeply humbled by the unwavering support of my team, the National Executive Committee, whose collective spirit continues to fuel our mission. This year, the IGS local chapters demonstrated exceptional commitment and dynamism by organizing an impressive variety of technical seminars, workshops and conferences spanning numerous themes within geotechnical engineering. These initiatives not only enriched professional knowledge but also fostered stronger collaboration and engagement across the community.

A number of notable activities were carried out throughout this year. Among the major events were the expert lectures organized by the IGS Kochi Chapter, delivered by Prof. Ashish Juneja and Prof. Dasaka S. Murthy at the Kerala Management Association, Kochi, on 25th January 2025. This was followed by the 3rd Alam Singh Memorial Lecture, conducted by the IGS Jodhpur Chapter at MBM University on 30th January 2025. The IGS Goa Chapter, in association with the IEI Goa State Centre, organized a series of lectures at Goa Engineering College, Farmagudi, on 29th March 2025. These sessions paid tribute to the remarkable contributions of Dr. Victor De Mello and Dr. N. V. Nayak. The event included the seventh Victor De Mello Lecture by Prof. G. L. Sivakumar Babu and the inaugural Dr. N. V. Nayak Memorial Lecture by Prof. Deepankar Choudhury. On 29th April 2025, discussions with Dr. Ashok Kumar Gupta and Dr. Neeraj Singh Parihar of the IGS Shimla Chapter focused on revitalizing chapter activities and expanding membership. On 22nd May, had a productive meeting with the Executive Committee of the IGS Indore Chapter. A visit to the IGS Thiruvananthapuram Chapter on 27th May offered valuable insights into preparations for Geotech Asia 2025 and the TSR Lecture Series. A One-Day National Workshop on “Geotechnical and Structural Engineering in Practice” was conducted by the IGS Baroda Chapter in collaboration with the Structural Engineers Association on 5th July 2025 at Grand Mercure, Surya Palace, Vadodara. Following the workshop, members of the IGS Executive Committee visited the Statue of Unity on 6th July 2025. The IGS Delhi Chapter, in association with IIT Delhi, held a one-day seminar on “Engineering Marvels: Chenab and Anji Bridge” on 15th July 2025 at RNI Park, IIT Delhi. The International Conference on Ground Improvement, Landfills and Sustainability (GLS-2025), hosted by the IGS Bengaluru Chapter jointly with the Department of Civil Engineering, IISc Bengaluru, took place at IISc from 18–19th July 2025. Furthermore, the 14th Annual Conference on Deep Foundation Technologies for Infrastructure Development in India was conducted on 8th September 2025 at Avadh Utopia, Surat, organized by the Deep Foundations Institute of India (DFI) in association with the IGS Surat Chapter. As part of the planning review for IGC 2025, a visit was made to NIT Jalandhar on 26th September 2025, and had the opportunity to interact with the office bearers of the IGS Jalandhar Chapter. A detailed meeting was also held with the IGC 2025 organizing committee and it is encouraging to observe that preparations are progressing with clear planning, strong teamwork and well-structured execution strategies. A Workshop on “Numerical Modelling for Geotechnical Engineering” held from 6th to 8th November 2025 at IIT Kanpur organized by IGS Kanpur chapter.

Various online activities were conducted during this year. On 3rd February 2025, the second lecture in the online series on “Conservation of Heritage Sites” was organized by Technical Committee TC 301 under ISSMGE. The lecture, titled “Potential Areas of Research and Development in Structural Conservation of Historical Structures,” was delivered by Dr. Arun Menon, Professor, Structural Engineering Division, IIT Madras. To commemorate the Foundation Day of the IGS Bhubaneswar Chapter, an online lecture on “Climate-Resilient Analysis & Design of Embankments” was delivered by Prof. G. L. Sivakumar Babu of IISc Bengaluru on 9th July 2025.

The Asian Council Meeting was held online on 27th January 2025. A key highlight of the meeting was the voting for the inaugural ISSMGE Asian Lifetime Service Awards, which witnessed strong competition among seven shortlisted candidates. Visited Kathmandu on 28th May 2025, which facilitated discussions with Dr. Mandip Subedi, President of NGS and other office bearers regarding preparations for the 1st Geotech Asia Conference. Deliberations also included future initiatives under AGSSA to promote regional collaboration in South Asia. A major highlight was the release of the publication “Geotechnical Reconnaissance Report on Geo-Disasters in Nepal – 2024. During the 6th International Conference on GIS and Geoinformation Zoning for Disaster Mitigation (GIZ 2025), held during 28–30th August 2025 in Almaty, Kazakhstan, a Memorandum of Understanding (MoU) was formalized between IGS and the Kazakhstan Geotechnical Society to support collaborative research and capacity-building. The presence of Prof. Keh Jian Shou (ISSMGE Vice-President Asia) and Prof. A. Boominathan reinforced the significance of this initiative. Under the HTC initiative of ISSMGE, Prof. Neelima Satyam successfully launched the HTC Champions Podcasts Asia 2025 Series, creating a meaningful platform featuring discussions with leading experts across academia and industry. Attended the 75th Anniversary Celebrations of the Brazilian Geotechnical Society (ABMS) in São Paulo, Brazil during 20–21st July 2025 representing IGS as Guest of Honour. The event provided a prestigious opportunity for international engagement. A keynote lecture was delivered during the event and participated in a round-table discussion on “Geotechnical Challenges for the Future” which was undertaken with representatives from ISSMGE, ITA, ISRM and other global organizations. The 1st Geotech Asia Conference and the associated Portugal–Brazil–India Pre-Conference Workshop were also presented to the international community.

The 1st Geotech Asia 2025, held at Taj Cidade de Goa, Horizon, concluded successfully and marked a major milestone for the Indian Geotechnical Society. The week-long programme commenced on 6th October 2025 with the FedIGS Board Meeting chaired by Prof. Chungsik Yoo, President of FedIGS. This was followed by four pre-conference workshops, namely the Portugal–Brazil–India workshop led by Prof. S. K. Prasad; the Indo–US workshop coordinated by Prof. Bhaskar Chittoori and Prof. Sireesh Saride; the Risk Assessment and Machine

Learning workshop headed by Prof. Murali Krishna; and the Forensic Geotechnical Engineering workshop jointly led by Prof. Dasaka S. Murty and Prof. Prashanth Vangla. All four workshops received excellent participation and set strong benchmarks in technical knowledge sharing. The grand opening ceremony of the conference was inaugurated by Er. Digambar Kamat, PWD Minister and Former Chief Minister of Goa and was graced by distinguished dignitaries including Prof. T. G. Sitharam, Chairman of AICTE; the Presidents of the Brazilian and Portuguese Geotechnical Societies; and Prof. Anand Puppala, Vice President, Geo-Institute, USA. The conference thereafter unfolded into four full days of interactive learning supported by keynote addresses, panel discussions and technical sessions, with more than 650 participants from over 40 countries, positioning Goa as the global epicentre of international geotechnical exchange. A technical exhibition also ran parallel to the conference, adding further value to the deliberations. The Organizing Committee, under the leadership of Prof. Ashish Juneja and Prof. Dasaka S. Murty, played an excellent role in the smooth conduct of the event. Sincere appreciation is also extended to the IGS National Advisory and Executive Committees, the IGS Mumbai organizing committee, the IIT Bombay student volunteer team, IGS Goa chapter office bearers and the IGS Kochi team for their meticulous effort and coordination. The closing day of the conference included a special session of the Heritage Time Capsule and the Corporate Association Presidential Group, coordinated by Prof. Neelima Satyam. Another notable highlight of the conclusion of the conference was the ISSMGE Board Meeting convened by Dr. Marc Ballouz, President of ISSMGE, on 11th October 2025, which brought all international board members to Goa, marking a fitting finale to the event. During the Asian Council Meeting, it was announced that the Iranian Geotechnical Society will host the 2nd Geotech Asia in Tehran, Iran, in 2029, and the symbolic handing-over ceremony during the closing session reaffirmed the spirit of collaboration and continuity across Asia. The inaugural edition of Geotech Asia held in Goa holds historical significance for India. The country hosted the first Asian Regional Conference in 1960 and sixty-five years later, it again had the honour of launching a new platform for Asian collaboration in geotechnical engineering through Geotech Asia 2025. Building on this success, the focus ahead will be on strengthening membership and chapter growth, enhancing India's participation in international technical committees and collectively working toward the long-term aspiration of bringing the ICSMGE 2034 to India.
